

Describe the Human Blood Slide

---

---

---

---

---

---

---

---

---

---

What is the function of each part of the blood (red blood cells, white blood cells, platelets and plasma)?

---

---

---

---

---

---

---

---

---

---

Describe the Sickle Cell Anemia slide

---

---

---

---

---

---

---

---

---

---

How does the shape of the blood cells affect how they are able to move through the blood vessels?

---

---

---

---

---

---

---

---

---

---
